

## SALAMANDA SWIMMING ACADEMY – COVID 19 UPDATE 30/12/2020

### TIER 4 RESTRICTIONS

From 31<sup>st</sup> December the West Midlands has been placed in TIER 4 with 'STAY AT HOME RESTRICTIONS'

In accordance with the Governments briefing this means that all non - essential shops, personal care, indoor gyms and swimming pools must close

Regrettably, this means that Salamanda Swimming lessons due to recommence & return at the beginning of January are suspended until the Government announces changes the Tier System, we strongly encourage everyone to keep checking our website and social media for updates – Facebook, Twitter, Instagram and [www.salamandaswimmingacademy.com](http://www.salamandaswimmingacademy.com)

It goes without saying that this is not the start to the New Year that we had hoped for!

The safety of our fishes, families and staff is paramount during this challenging time and we have to be guided by the science and what we are being advised by the government

As soon as we are able to advise on return to swim dates emails will be sent out

Stay safe

Amanda & Sally
